

2024年 高瀬川 活動報告

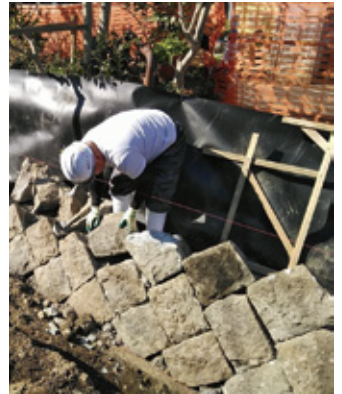

京都市が進めていた菊浜学区の高瀬川護岸工事に賛同し、菊浜学区の方々を中心に魅力的なまちづくりに向けての護岸の修復、植栽保全、親水空間を施工中。

In collaboration with Kyoto City's Takase River bank reconstruction project in the Kikuhama District, we are undertaking the bank restoration, plant preservation, and the development of a waterfront space with support from local residents to help build a vibrant and welcoming community.
